

# Year 5

## Sunday, 13<sup>th</sup> September 2020

# Australian Selective Achievement Test

## How will the ASAT competition be organised?

The ASAT is superior to other practice exams in producing up-to-date questions and implementing exam information upgrades parallel to that of the selective high school placement test.

**Participation in the ASAT** provides an opportunity for students to gain a measure of their current achievement level under the same exam conditions as the actual exam. It will greatly help parents to select suitable school choices for their application in October.

**The ASAT outcome reports** will provide the calculated profile score and rank as well as other information about averages and levels of achievement.

For full details, please visit the official ASAT website.
