Year 4 WEMT Course

The Year 4 WEMT program is undergoing a curriculum revamp that involves the inclusion of new modules and a significant increase in weekly commitment for students. The revised curriculum features a thinking skills component that prepares students for selective school placement and independent school scholarship tests. The writing module is focused on the development of critical thinking and reasoning skills, as well as teaching effective writing organisation methods. English lessons concentrate on enhancing reading skills, comprehension, and the ability to answer multiple-choice questions. In mathematics sessions, students will master mathematical theories, principles, and formulas to solve problems with ease. The thinking skills lesson will challenge students with a range of practical and mentally stimulating questions to improve their problem-solving and critical thinking skills. Students can choose from one of the following WEMT courses that best suits their needs.

Thinking Skills Course for Selective Exam

We are thrilled to introduce a new "Thinking Skills for Selective Exam" Course for our students. This course has been specially designed to foster the development of problem-solving and critical thinking abilities, equipping our students with the necessary skills for success in their academic journey and ultimately, for the selective high school placement test. With a comprehensive focus on preparing them for the selective exam thinking skills component, the course will cover a diverse array of essential topics.

Course Overview:

- ✚ Thinking Skills Course aims to provide students with the tools and techniques to approach challenges with confidence and creativity.
- ✚ Through engaging activities and thought-provoking exercises, our dedicated tutors will guide the students on their path to becoming proficient critical thinkers.
- ✚ Students will learn effective problem-solving skills to tackle complex issues in various subjects.
- ✚ We will encourage students to analyse, evaluate, and draw reasoned conclusions from the information they encounter. As students develop their thinking skills, they will gain confidence in their abilities to excel academically.
- ✚ The course will cover essential topics to equip students with the necessary knowledge for the selective school placement test. For full details, please check out the course newsletter from [HERE](#).

Year 4 Writing Course (Wednesday)

The aim of the Year 4 Writing course is to improve students' technical and imaginative writing skills. The course has a personalised approach to cater to each student's specific writing needs, which fosters confidence, competence, and expertise in writing.

This program will aid students in improving their writing skills for all written assignments at school, as well as writing exams for NAPLAN, selective high school placement and independent school scholarship tests. Emphasis will be placed on narrative writing skills, including grammar, spelling, and punctuation, which are crucial components of the course curriculum.

Narrative writing topics to be covered in Term 4:

- Dialogue
- Cause and effect
- Scene and character description
- Setting for narratives
- Describe events that involve a variety of characters
- Organisation and structure
- Poem
- Persuasive texts – Fact and opinion
