## Year 5 WEMT Course

The Year 5 Term 3 WEMT course has recently undergone updates to its curriculum, requiring a substantial weekly commitment from students to establish a strong foundation for the 2024 selective high school placement tests.

The writing module focuses on effective writing organisation, with an emphasis on enhancing critical thinking and reasoning skills. English lessons concentrate on improving reading proficiency, including practice with English extension questions. The mathematics module is crucial for students to comprehend mathematical theories, principles, and formulas, enabling them to solve problems with ease. The thinking skills module offers practical, challenging, and thought-provoking questions to hone problem-solving and critical thinking abilities.

Students have the option to select one of the following WEMT courses based on their individual needs.:

## Selective Trial Test Course (STTC)

The Year 5 Selective Trial Test Course (STTC) is a comprehensive program designed to prepare students for the 2024 Selective High School Placement Test. The course encompasses a variety of question types that replicate the format, timing, and conditions of the actual exam.

During the course, students will take part in weekly trial tests and will learn the most effective strategies to approach selective exam-style questions. Additionally, they are expected to download and memorise the vocabularies provided on Cyberschool and complete the online vocab practice test.

Following the weekly trial tests, students will receive their test results via email, which can also be accessed through the My Result menu on Cyberschool.

Cyberschool will offer extensive revision materials throughout the course, including the STTC challenge for reviewing mathematical reasoning and thinking skills tests, an additional reading test (1+1 reading), writing retests, writing test review videos, poem annotation tutorial videos and vocabulary practice tests.
