OCTTC Review & Test Result– FAQ

Q. How long can I attempt the OCTTC Challenge?

A. You will have maximum of <mark>fourteen (14) days</mark> for each OCTTC Challenge – from the following week of each test week. Please check the challenge period in the OCTTC Challenge page and complete the retest within the period.

Q. I can't see any questions. What's the problem?

A. The service automatically retrieves each test subject's questions you incorrectly answered in the recent OCTTC session, unless you didn't attend the test, or the test results haven't yet been recorded.

Q. How many questions are available for each challenge?

A. It automatically retrieves the maximum of 15 questions per subject you answered incorrectly in the recent tests. The order of the questions varies depending on your test score and test average score.

Q. How many questions will I see in each retest?

A. Each retest contains maximum of 5 questions and you have 2 minutes per question. After the 1st attempt, the next retest will show only the questions you got wrong.

Q. I can't see the 'Review' button.

A. The 'Review' button will appear when you answered all questions correctly or after the second retest.

Q. I can see my test score, but not my rank.

A. Your rank will be shown after gathering all other students' results, which usually takes one week of the test. Please check again on the following Saturday.

Q. When can I get my overall ranking and overall score?

A. To be able to produce the correct overall score and ranking, we need to collect all test scores (Reading, Mathematical Reasoning and Thinking Skills) from all OCTTC students. Therefore, it usually takes two weeks. Please check them out two weeks later after your test.

Q. My Mathematical Reasoning score is 28. Does it mean I got 28% correct answers?

A. No, it's your raw (original) test score – number of questions you answered correctly in the test. So, your Mathematical Reasoning score 28 means you got 80% (28 out of 35) correct answers.

Q. I discontinued my OCTTC. Can I still access my previous OCTTC results online?

A. No, it's only available during your OCTTC enrolment period. When you resume your OCTTC, it will become available again.

What is Vocabulary Practice Test?

Building a strong vocabulary is critical as it leads to higher scores in the OC reading test. Year 3 OCTTC students are provided with the vocabulary list (attached on Workbook that distributed in class, during Reading test weeks.) for this reason. Students must memorise them all and attempt the vocabulary practice test within given period.

The vocabulary practice test will be uploaded on **the first day (Saturday) of Reading test week** and accessible for the **next two (2) weeks**. Students must attempt the test as soon as it's uploaded on Saturday and study it.

How to Do Vocabulary Practice Test

1. Go to '**Online Supplementary Test**' below '**MY COURSES > OCTTC**' on the menu bar.

2. [**Fig. 1**] Click 'Start' button to begin the test.

3. Click 'Finish' button at the top right corner when completed the test.

4. [**Fig. 2**] Reattempting test is available by clicking 'Practice' button next to the 'Test Review'. This will not affect to the original score.

[Fig. 2]
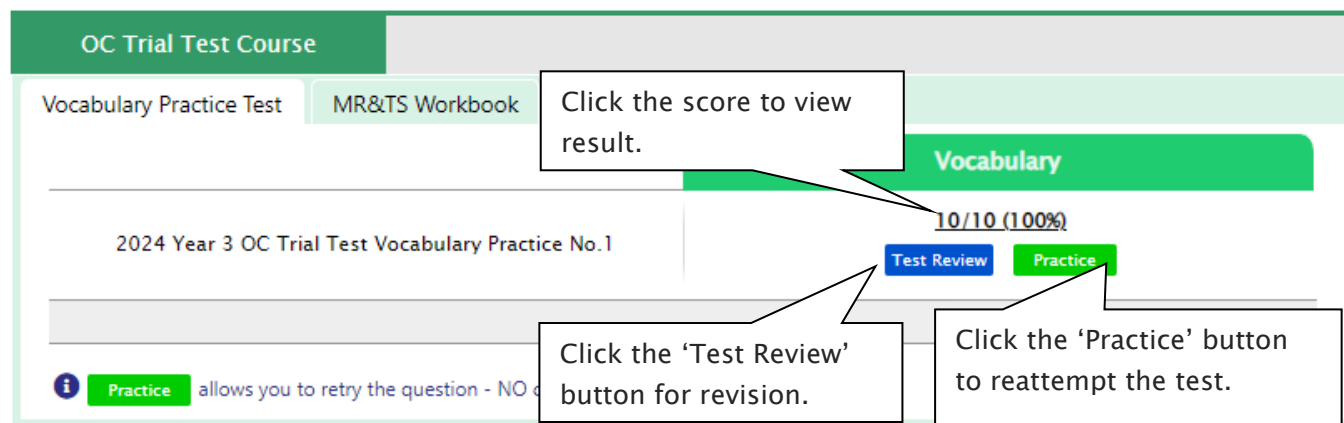

What is Workbook Answer & MRTS Workbook Practice Question?

English and MRTS workbook will be given in class. Module answer of this material will be provided for OCTTC students on the first day of the week. Module answer of this material will be on the first day of the week, and will downloadable until the term finishes.

To be familiar with the computer test condition, MRTS questions will also be provided online for the next two (2) weeks.

How to Download Module Answer

1. Go to 'Extra Module Answer' below 'MY COURSES > OCTTC' on the menu bar.
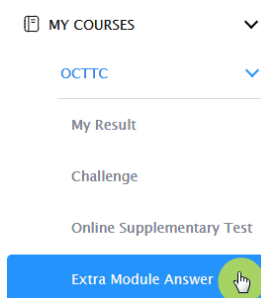

2. [Fig. 1] Download the PDF file within given period.
3. Parents can set a 6-digit passcode to download module answers, ensuring secure and controlled access.

4. [**Fig. 2**] Click on the 'Set Passcode' button to establish your passcode. Once set, this passcode will be required each time you access the module answer page.
