OC Trial Test Course (OCTTC)

Year 4 OC Trial Test Course (OCTTC) is significant for students who will sit for the 2025 OC placement test. It provides weekly tests which enables assessment of knowledge and test performance.

By taking OC trial tests on a weekly basis, students will be able to systematically build up their exam skills and be confidently prepared for the actual exam.

The course consists of different types of questions and reflects the format, timing and conditions of the actual exam. It will help students to manage the test time efficiently, minimise errors, overcome exam nerves and perform at his or her optimum level.

Students will attempt the mathematical reasoning & thinking skills tests in one week and reading tests in the following week, taking 2 weeks for a set of OC trial tests. After the test, students will go through the questions with teacher, putting more focus on difficult questions.
