2026 Spring Holiday Course (Week 1)

Year 1 Spring EMG Course (28 Sep – 2 Oct)

A strong start to the new term sets the foundation for long-term academic success.

The upcoming school holidays offer a valuable opportunity for your child to consolidate their learning, strengthen essential skills, and build confidence before Term 4 begins. With the pace of the school year picking up quickly, this break provides the perfect moment for students to revisit key concepts, reinforce their understanding, and prepare themselves for a strong finish to the academic year.

Our Year 1 Spring Holiday EMG Course is a dynamic and thoughtfully structured five-day program designed to support young learners across English, Mathematics, and General Ability.

Throughout the week, students will engage with high-quality learning materials that not only reinforce what they have covered during the current term but also introduce important new concepts they will encounter in the term ahead. This forward-looking approach helps students feel more prepared, confident, and ready to tackle new challenges when they return to school. Unlike independent home revision, this structured program provides a more engaging, effective, and enjoyable learning experience, helping students return to school feeling prepared and motivated.

2026 Spring Holiday Course (Week 2)

Year 1 English Enrichment Course (6 – 9 Oct)

Spring into Success with our English Enrichment Course!

Our English Enrichment Course (EEC) is designed to inspire Year 1 students by sparking their imagination, broadening their knowledge of the world, and strengthening their core literacy skills. Students will engage in meaningful reading, writing, speaking, and listening activities that build confidence and nurture a genuine love for learning.

What makes this course unique

- ✓ Journey through time and across the world with captivating content drawn from science, geography and history, far more exciting than standard textbooks. Each lesson is crafted to ignite curiosity and help students make connections between what they read and the world around them.
- ✓ Discover and compare different historical eras. From ancient civilisations to modern-day life, students will dive into a variety of time periods. They will express their discoveries through hands-on activities, and guided discussions that encourage deeper thinking.
- ✓ Strengthen essential English skills. As students explore new ideas, they will simultaneously refine their reading comprehension, writing fluency, speaking clarity, and listening accuracy. The course is designed to help them become more confident communicators, skills that will support them well beyond the classroom.
