2026 Spring Holiday Course Information

Year K Spring EM Course (28 Sept – 2 Oct)

A strong start to the new term plays a vital role in your child's long-term academic success.

The upcoming Spring holidays provide an excellent opportunity for students to reinforce what they have learned so far, strengthen essential skills, and prepare for the challenges of the next term.

The Year K Spring Holiday EM Course is a dynamic, structured 5-day program designed to support young learners in both English and Mathematics. Throughout the week, students will engage with high-quality learning materials that not only consolidate their current term's knowledge but also introduce key concepts they will encounter in the upcoming term.

Unlike home-based revision, our holiday course offers an engaging and enjoyable learning environment. Students benefit from guided instruction and a supportive classroom atmosphere that encourages curiosity and active participation.

By enrolling your child in the Spring EM Course, you are giving them the opportunity to strengthen foundational skills, develop positive study habits, and enter the new term feeling prepared, motivated, and ready to succeed.
